WorkCentre 5845/5855 Multifunction System

A new kind of office productivity.

When you invest wisely in office technology, your chosen solution simply gets it done, behind the scenes, and frees you to focus on the work that really matters. You need the peace of mind that comes from knowing you're free to work the way you want.

You need a solution that helps improve your day-to-day processes, plus the advanced capabilities that empower you to work more nimbly, more cost-effectively and more securely.

You need the solutions enabled by the Xerox® ConnectKey Technology and our WorkCentre™ 5845/5855.

A better way to get work done.

You succeed because you're productive, flexible and reliable. You need an office technology solution that matches those strengths. Which is why we designed the Xerox® WorkCentre™ 5845/5855 with a powerful mix of features and capabilities that help you get more work done in ways you never imagined.

- **Great features – your choice of speeds.**

At up to 45 ppm or up to 55 ppm there's more than enough speed to meet the needs of any busy work group. But if your business demands department-level productivity, consider the higher-speed WorkCentre 5865, 5875 or 5890, for ultra-fast performance up to 90 ppm.

- **Scanning at up to 200 images per minute (duplex speed).** Single-pass colour scanning enables faster electronic distribution of full-colour documents for more effective and impressive communications.

- **Illuminated Paper Path.** The WorkCentre 5845/5855 features an illuminated paper path, which makes user access even easier.

- **Higher paper capacity, more flexibility.** Print more for longer with a total paper capacity of up to 8,700 sheets. Multiple finishing options, from basic to advanced, give you the flexibility your workload requires.

- **Exceptional print and copy quality.**

With superior fine-line definition, shadows and highlights, your copies truly look like the original.

- **Walk-up simplicity.** Print from and scan to any USB memory device for faster document delivery when you're not at your computer.

- **Your print job, your priority.** The Print Around feature eliminates extended printing delays by holding a job in need of resources (such as a different paper size) and printing the next job in the queue.

- **Customise your solutions.** Xerox Extensible Interface Platform® Serverless technology allows creation of applications to run on ConnectKey-enabled multifunction systems without the need for additional IT infrastructure. This allows you to simplify and personalise the usability of your device with a range of capabilities from support applications to scanning.

Single Touch Scanning

Use the Single Touch Scan feature to create a dedicated, easy-to-locate scan button directly on the colour touch screen interface. Assign the Single Touch Scan button its own scanning workflow for fast document distribution and archiving.

Simplicity beyond ease of use.

With the right tools, you'd be free to focus on the work that really matters.

Rest assured, the Xerox® WorkCentre™ 5845/5855 simplifies complex tasks with a solution that works the way you do.

Conservation Built-in

Get a powerful multifunction system that includes environmental features.

- Power save with quick start-up conserves electricity during downtime while keeping the device ready for action.
- Full compliance with the EU Restriction of Hazardous Substances (RoHS) Directive, Environmental Choice, EPEAT and the stringent ENERGY STAR® TEC Version 1.2 standards.
- Multiple print settings are available to reduce impact on the environment. Options include default two-sided printing, proof print, printing on recycled paper and draft mode.
- Innovative Earth Smart print driver settings enable the most environmentally conscious print options.

- **Leading-edge colour touch screen user interface.** Provides the comfortable look and feel Xerox is known for and features bright, intuitive icons and easy access to all major functions directly from the home screen.
- **Less user intervention means less downtime.** Our new, more efficient toner lasts longer and can be replaced quickly by any user and provides superior image quality.
- **Helpful walk-up features.** Embedded help videos provide quick troubleshooting assistance right on the front panel.
- **Xerox® Online Support.** Stay up and running with instant access to searchable online help right at the device's front panel or in the print driver. You get the same information our Product Support Specialists use when resolving printer problems, assisting with error codes, print quality, media jams, software installation, and more.
- **A truly universal print driver.** Xerox® Global Print Driver® lets IT administrators install, upgrade and manage Xerox® and non-Xerox® devices from a single driver. It provides a consistent, easy-to-use interface for end-users, reducing the number of support calls, and simplifying print services management.
- **Advanced copy and print features.** The WorkCentre 5845/5855 greatly simplifies everyday office tasks, providing plenty of support for specialised print applications including Annotation, Bates Stamping, tab print capability and page-level programming.
- **Consistent user experience.** The WorkCentre 5845/5855 features the same controller technology as our latest A3-size multifunction systems, making users more comfortable operating the devices because of their common look and feel. For more information about our groundbreaking Xerox® ConnectKey® Controller technology, visit www.xerox.com/connectkey.

Securing what matters most.

That's why Xerox engineered the Xerox® WorkCentre™ 5845/5855 with the most complete range of advanced features, technologies, and solutions from security-industry leaders that safeguard your critical information for all potential points of vulnerability.

- **Protect your confidential information.** Safeguard all sensitive data with encrypted PDF files for scanning; hard drive encryption, compliant with the 256-bit AES FIPS 140-2 standard; and Image Overwrite with a 3-pass scrub process to ensure total deletion of all data fragments.
- **Prevent unauthorised Access.** Permit only authorised users to access the device with Xerox® user permissions, network authentication, IP filtering, and smart card, role-based and function-level login.
- **Manage threats proactively.** Monitors security clearing houses for new vulnerabilities and provides patches when necessary, ensuring your equipment stays current and your data is kept safe. Plus, you can receive up-to-the-minute updates via RSS feeds and stay informed via www.xerox.com/security.
- **Stay compliant with regulations.** WorkCentre 5845/5855 devices comply with the latest security standards across industries, including government, finance and healthcare. These include Common Criteria, HIPAA, Data Protection Act, COBIT and more. These devices can conform to any standard, with controls available to match your needs.
- **Gain complete visibility.** Prevent IP theft and ensure non-repudiation by having total visibility into the device and network. With security policy management and tracking of most activities on the device with Audit Log, you can know who accessed what, when and details of most interactions with the device.

Partnering to protect what's yours.

Xerox® ConnectKey® multifunction systems include McAfee® technology integration, resulting in the industry's first lineup of multifunction systems that protect themselves from potential outside threats. McAfee's whitelisting technology ensures only safe, pre-approved files run on your devices, minimising the need to manually update software levels against new security threats. Also, seamless integration with the Xerox® Managed Print Services toolset and McAfee ePolicy (ePO) allows for easy tracking and monitoring.

Plus, automatic Cisco® TrustSec Identity Services Engine (ISE) integration provides comprehensive visibility of all Xerox® ConnectKey®-enabled multifunction systems' endpoints to enforce IT-centric security policies and compliance.

Real business happens wherever you are.

You need the advantage of anytime, anywhere access to the technology that makes your work easier. Our mobile solutions empower today's professionals to get real work done in the office and on the go, providing the freedom and flexibility to keep pace with the demands of your business – wherever it takes you.

Remote Monitoring and Management

The Remote Control Panel feature lets you operate the WorkCentre 5845/5855 user interface from any office workstation as though you were standing at the device. Remotely train users and configure device settings with the peace of mind that integrated security allows only a single authorised operation at a time to prevent multiple remote procedures.

The Freedom of Uninhibited Mobility

Xerox® WorkCentre™ 5845/5855 gives your office staff the luxury of controlling device functions from any workstation. Plus, mobile professionals can access the communications tools and productivity solutions regardless of location.

- **Optional Wi-Fi connectivity.** Administrators can connect the WorkCentre 5800 series devices anywhere, without the need for network cabling.
- **Apple® AirPrint™.** Print email, photos and important office documents directly from your Apple iPhone® or iPad® with no drivers to install.

- **Xerox® Mobile Print, and more.** Take the mystery and anxiety out of wireless and mobile device printing. Xerox has all the options to enable secure, accurate printing from most mobile devices, to any printer or multifunction system, regardless of brand. Whether offsite or onsite, learn more about why Xerox is the only choice for today's mobile professionals by visiting www.xerox.com/mobile.
- **Mopria™ certified.** Mopria certification simplifies the mobile printing experience for tablets and smartphones to many printing devices, including the WorkCentre 5800 Series.
